Excellent By Amanda I've read two different editions of this book - I borrowed the 6th? 7th? edition (the one with the blue cover that is expanded) and I own the 3rd edition (which is not expanded). Let me tell you, this slim book packs a powerful punch. I've always struggled with being concise in my writing, and this book is THE book to help you maximize your writing. It should be required in high schools everywhere. Back when I worked for a newspaper, one of my editors was trying to get a review of mine on a particular page, which meant he needed to edit a little bit out ... he came back and told me - I couldn't edit your review. Every word was essential. - YES. Thank you, Strunk & White. 1 of 1 people found the following review helpful. BEST BOOK on WRITING STYLE EVER - everyone should own a copy. By BluesHawk707 One of the best books on writing style EVER published. This book is just awesome - I have had the book for almost 2 decades. I now have a hard copy and a Kindle version. I give copies away as gifts too - it's that good. It contains all the important aspects of proper writing in less than 100 pages (excluding the index). It is well-organized and it's a great reference. Anyone who writes a lot should have a copy. It measures only 4.5 inches x 7 inches for the soft cover version so it can fit in a purse or small carrying bag. 0 of 0 people found the following review helpful. Tiny and Adorable, Yet Oh So Useful By Kat Joy Rex This book is the best. It is very thin, so carrying it in a 17 yr/o's way-to-full backpack is not a problem. Fittiability aside, this one of the most useful books a person studying English, the English language, literature, and composition. I thought I knew how to passably write a sentence. Ha. Haha. Hahahaha(Rolling laughter). Not even close. But, thanks to this book, no longer(!) shall my text messages be comprised of single-letter words! No longer(!!) shall my reviews on Amazon be as basic as can be. This is, of course, the one exception. I would defiantly reccomend this book to avid writers, and enthusiasts. And on that note, my work here is done. See all 2730 customer reviews...
