About the Author Elin is curious by nature. She likes to explore and can tell you about riding elephants through the Asian jungle, watching the sunset in the Sahara desert from the back of a camel, sailing down the Nile in Egypt, kayaking in Alaska, and flying over Greenland in helicopters. She can also testify that the most interesting people aren't always kings, queens, presidents, and

celebrities, because she has met many of them in person. After traveling the world and living in different countries, Elin is currently residing outside Seattle in the US with her husband, daughters, and her black Labrador, Lucky, which follows her everywhere.(br> People who know Elin describe her as down to earth and the kind of person you feel confident telling your darkest and deepest secrets to. Maybe that's where she gets her inspiration for her books. One thing is for sure: Elin is not afraid to provoke, shock, touch, and excite you when she writes about unwanted desire, forbidden passion, and all those damn emotions in between. Customer Reviews Most helpful customer reviews 0 of 0 people found the following review helpful. Interesting premise By S. Rayball It was like reading the worst stereotypes about men and women. The story was completely unbelievable, with no depth of character or world building. That was the things I didn't like. There were brief moments I did enjoy though, ultimately the premise was the most interesting aspect. 0 of 0 people found the following review helpful. Thank you Ellen!!
