

# Reading Book Drumline By Stacy Kestwick

Traditions are important. Especially in the South. College football. Rivalries. Tailgating. Halftime shows. Some things just don't change. Until Reese Holland shows up with her long legs and no-bullsh\*t attitude to audition for the prestigious all-male Rodner University snare line. It doesn't matter how much hazing she has to endure from Laird Bronson, with his narrowed green eyes and arrogant smirk. She wants that damn spot, and she's more than good enough to earn it. She expects there to be tension. Even friction. But not sparks hot enough to burn the entire campus down.

\*\*\*Drumline is a standalone college romance.

Review Enraptured from page one. Brilliant. One of the best college romances I've ever read! -- Ilisa Madden-Mills, WSJ bestselling author Drumline is a sexy snare solo of a book--tight, riveting, and with off-the-charts chemistry. Laird is the delicious book boyfriend we need, and Reese will have you cheering for her determination and focus. Five smoldering, drum-banging stars! -- Sierra Simone, USA Today bestselling author Drumline's writing is perfection...With its laugh-out-loud humor, off-the-charts chemistry, passion, smolder, strength, sorrow, sweetness, swoon, soul, and sooo much heart...Drumline has everything you'd want in a romance...EVERYTHING!!! -- Bookalicious Babes Blog Drumline is beautifully written, hot as hell, and epically moving. An absolutely enchanting book from start to finish! Best NA book of the year! -- Lex Martin, USA Today bestselling author Drumline is an emotional, romantic story with heartbreak, hope, healing, and all the steam! It should come with a warning since it's pretty much impossible to put down once you start--and when you reach the end, you'll be craving for more. - Ella Maise, Amazon Top Ten bestselling author This book is worthy of all the fangirling, all the shouty caps, all the craziness... It's a book I would wait FOREVER to read and a book I will NEVER forget. -- Panda and Boodle blog Kestwick brilliantly captures the essence of the sexy, addictive New Adult college romance. Perfectly pitched and heartpoundingly good, you'll feel all the emotions and finish it with a big grin on your face! - Natasha Boyd, international bestseller Swoony, emotional and so so sexy, DRUMLINE is everything I love in a romance novel.

This is the New Adult of the year! - Saffron Kent, author of Unrequited Stacy Kestwick just made band camp sexy! Laird was absolutely everything I want in a Hero. And Reese was the perfect counterbalance to all his alpha hotness. Drumline is above and beyond a five star read! - Jessica Prince, romcom author extraordinaire Drumline is extraordinarily written... the storyline is unique, refreshing, and unforgettable. Stacy Kestwick found something between too much and not enough, and for me, it settled into perfection. -- Jewel E. Ann, expert wordsmith

Customer Reviews Most helpful customer reviews 64 of 65 people found the following review helpful. Drumline has the perfect rhythm. By Jen Zingaro (Dirty Bad Bloggers) This story was everything that I thought it would be and more. I just love the idea of a girl charging into a man's world and taking it by storm. Reese was that girl. She didn't let the guys on the Drumline push her around. She didn't want "any special treatment". She was fierce and determined. Laird is the captain of the Drumline and is taken by her from the beginning. He really is just about the perfect book boyfriend. Given all of the struggles of his past, I felt glad that he found Reese. They were like 2 asteroids in the sky that are destined to collide. I didn't expect all the emotional parts of this book. Eli & Amelia were so lovable and special. My one criticism of this book is that I wanted more! I want more chapters! :) 0 of 0 people found the following review helpful. Solid A+ read. Band camp never looked so good! By Mariisms Can we pause and stare at that cover for a minute? With that juicy blurb I had to read it. This book just makes me wish I could play an instrument too. Isn't it such a treat when cover matches the inside so well? The set up was not the usual too which excites me. I can't help of think of American Pie when you say band camp before. Now I know better. It had the elements of your college romance with the right amount of angst, conflict, attractive people and relationships. This stands out to me though, it had tons of heart, superb storytelling and flowed so well. Plus it had meaningful message in the story, all in all this as a whole an A+ book. I have to say tradition bender can be such a good plot when done right I think here it is. In real life those can be treated harshly but be distinct and memorable. Drummers in general eye catchers no doubt what more a drumline with captain like Laird leading the way. Right away it started out strong and right to the punch which I liked. Gets the point across I don't watch much college football but I noticed when I do catch them halftime is always huge deal and highlight. I had no idea band camp was intense, I can imagine though. In the fight to get a slot Reese stood out like a sore thumb but she had Laird's attention alright. Hard to ignore kind of guy as well. Temptation can be a pain and yet it makes the burn worth it. With all the sexism facing her Reese held her own applause to that. She and Laird had this heady connection right from the start and that chemistry so palpable. It just heats up simmering until it boils over. I liked that these main characters had more depth and their backstory heartfelt always a positive. And gasp a heroine I like, sure she can be stubborn, she's strong but sensitive. She made me laugh and her wit is sharp that one, sarcasm much? Clever, funny but her huge heart is what won me over. She overcame tough odds and hung in there to succeed. Laird carries alpha well, more than a looker this guy smart, hardworking, caring and has a sense of humor. That appeal he has came off the pages and seriously his vulnerable side that shows makes him even more attractive. He is the swooniest. They are firee and so easy to ship with the banter and all. It may have started with sneaking around with her captain but it's more than that. While there's a bunch of a other factors that create obstacles for them. I'm pretty happy how they got through it. Their relatio ship may seem fast and escalated quickly but I see it as recognizing something good and having potential for more cutting the crap in between. It didn't feel like it rushed, the author sold it for me. Reese and Laird ( that name is just awesome imo) they helped each other and pushed other to be better that's awesome. This may not be my first book but Stacey Kestwick but I'm made a solidified fan status here. She handled some tough issues well too I would say. If this was a show on Netflix I would binge it, it's attractive, different and interesting. Drumline is bold and brave and it hits all the right notes. One for the favorites list for sure 0 of 0 people found the following review helpful. Reese & Laird's story was pure beauty - amplified by all of their dents and scratches. By Michelle New Oh. My. God. I loved this book. I'm changing my FB Status to 'MARRIED to this

BOOK!' This was my very first Kestwick book – from the cover, I was ready to one-click. Toss in the numerous early readers and their “I was up all night” status updates, I just knew I was going to enjoy this experience. I was not disappointed. Laird. FFS, has there ever been a more perfect character? No, I don't think so. And whoever you are thinking about right now, nope – wrong. Laird is it. The whole shebang. Drumline was a kick start to my heart. I wasn't ready to admit I was in a book funk, but I was. I was half-heartedly spending my nights with those easy & quick reads, not ready to dive into anything that was going to push me emotionally. I didn't want to try harder. I just wanted to be. By the end of the first chapter, I knew it was going to be an all-nighter. The story starts off with Laird gearing up for the auditions for the Drumline. He's a senior, the team captain and this team has a lot of pressure to live up to. When he spots the odd-man out in the audience, he's certain she's in the wrong place. It's not like the team is all boys by a rule – it's just always been that way. But Reese wanted that spot on the team, she knew it was going to be tough, she knew she'd have to struggle with the rampant sexism and breaching the boys club was not going to be an easy road. But it was a road she was willing to push herself to travel. The sparks fly instantly between these two – but don't think hot chemistry means insta-love. No, these two push & pull. Laird knows he wants her, he knew it instantly. But for Reese, rumors about her and the team captain aren't going to win her any fans and she struggles with wanting to make sure she earns her place. But her attraction to Laird isn't her only concern. Marco, a complete jackhole, has her in his sights and he isn't going to go easy on her – in fact, he's in full on attack mode. FFS. I hated that guy. I wanted to castrate him. Toss in a great side character in Smith & Eli- and the flow of these characters instantly drew you in. I expected an angsty NA read. I got that. But this story was one of those stories that breaks your heart just to build you back up. As you piece together the parts of Reese and Laird's pasts, you start to believe in fate. Tragedy can sometimes set the stage for something so beautiful it hurts to look at it. And make no mistake, Reese & Laird's story was pure beauty – amplified by all of their dents and scratches. In fact those scars just made them shine that much brighter. Drumline makes the TOP READS LIST for 2017, and in one of the top five spots. One of those books where you instantly need to buy a paperback of just so you can hold it, squeeze it and love it. See all 153 customer reviews...
