From Booklist Reeling from her divorce, Sadie Turner packs up her kids to spend the summer at her eccentric Aunt Dody's lake house. What's meant to be a quiet respite turns into a fun-filled adventure, thanks to her aunt, flamboyant cousin Fontaine, and a handsome neighbor. Desmond, who's filling in for the local doctor, is Scottish and charming and takes immediately to Sadie's colorful family. As far as everyone's concerned, he's the perfect summer fling. But when what starts as a casual and steamy interlude evolves into something more serious, Sadie and Des must decide whether they can open up again after heartbreak. Debuting romance novelist Brogan, who also has a historical romance coming out later this year, shows a real knack for creating believable yet quirky characters. Her contemporary romance has the usual misunderstandings and requisite happy ending, but the surprising emotional twists along the way make it a satisfying romp. --Aleksandra Walker Review "Witty one-liners and hilarious characters elevate this familiar story...Readers will love the heat between the leads and by the end they'll be clamoring for more." —RT Book Reviews, 4 stars (HOT) "Crazy Little Thing by Tracy Brogan is so funny and sexy, I caught myself laughing out loud." —Robin Covington, USA Today, Happy Ever After "Heart, humor and characters you'll love—Tracy Brogan is the next great voice in contemporary romance." —New York Times bestselling author Kristan Higgins "Tracy Brogan is my go-to, laugh-out-loud remedy for a stressful day." —Kieran Kramer, USA Today bestselling author of Sweet Talk Me About the Author Past or present, Tracy Brogan loves romance. She read her first swashbuckling adventure at age sixteen and knew

right then she was destined to a novelist. She now writes fun and breezy contemporary stories about ordinary people finding extraordinary love, and lush historical romance full of political intrigue, damsels causing distress, and the occasional man in a kilt. Tracy is a two-time Romance Writer of America® Golden Heart Finalist and the best-selling author of *Crazy Little Thing* and *Highland Surrender*. She resides in Michigan with her husband, their children, and their overly indulged dogs. Tracy loves to hear from readers so please contact her at tracybrogan@att.net, or visit her website at TracyBrogan.com.

Customer Reviews Most helpful customer reviews 0 of 0 people found the following review helpful. Mini Michigan vacation. By Book Worm I'd love to give this book five stars as I did 'Jingle Bell Harbor '. The book sputtered at first as if the author couldn't quite find her footing which was odd. I felt as if it didn't come to life til around chapter three. So don't give up on it. The characters were great and I enjoyed hanging out with them throughout the book. The story could have moved a little faster and been a little shorter but I will still read the two following books. I really like this author. Her characters are realistic and I loved the town. Thanks for the 'vacation'! 1 of 1 people found the following review helpful. Great Characters & Humor By Pres rev I liked the humor and the great characters. I got a little tired of the main character not growing but maybe that's realistic. It did have a satisfying end and I will read other books in this series because I like the "characters". I did speed read some scenes but read to the end and was glad I did. 0 of 0 people found the following review helpful. 4 stars - I liked it By April Dancer I chose to read this book after reading only the 1-star reviews, and I quite enjoyed it. That doesn't mean I didn't want smack Sadie upside her head at least 12 times, but I found myself continually laughing out loud, and when I put the book down, I looked forward to picking it up again. I enjoyed all of the characters except Dody, but I would have liked to learn more about Sadie's mother's backstory. See all 7714 customer reviews...
