I fell in love with Holden York when I was six years old. Most of my youth came with spiral notebooks filled with doodles, wedding plans, and “Janelle York” looped in bubbly handwriting. However, one night in Vegas changed everything. I woke up to more than just a fantasy of my brother’s best friend. Five years later, I’m standing on his doorstep confronting him about the secret he kept from me. If you think this is the story of how we rode off into the sunset together... You’re so wrong. But if you think this is the story of how Holden blackmailed me into living with him... You couldn't be more right.

Review Harper deftly builds the sexual tension between them as their emotional connection develops. Holden and Janelle are endearing as they push and pull, fight and love trying to determine what they want, and readers will thoroughly enjoy this sexy and entertaining romance. ~Mary, USA Today HEA I'm GIDDY over THIS book. It was sweet and sexy, yet still maintained the "pull at your heart" angst I LOVEEEEEEE so much! The back and forth, the banter, the dynamic and chemistry between our two main characters was beyond intoxicating. I ADORED every second of it. TOP RECOMMENDATION from me. ~Angie, Angie and Jessica's Dream Reads One thing's for sure Holden is one Sexy Man that had me needing to find relief from all that sexiness! ~Kara, Give Me Books Holden and Jelly are people I wanted to be friends with. Jelly is my hero! ~Stephie Walls, author of shit you should read. I've read quite a few books by this author and yet again she's written a favourite for me to rave about. From start to finish I thoroughly enjoyed this read. I loved this side of Leddys story writing. ~Philomena Callan, Cheekypee Reads I immediately fell in love with the characters of Holden and Janelle and couldn't get enough of their wild and crazy antics. The storyline was unique and this lighter side of Leddy Harper is certainly one I'd like to read again. ~Amy Stephens Be still my beating heart. Leddy Harper has taken me to swoon town and left me in

a state of duress. This is an addictive, angsty and heart melting read that would leave any romance reader wanting more. ~A Book Lover's Emporium Book Blog I feel like I was reading something by a different author. And I mean that with the highest of compliments. While I Do(n't) definitely had some angst, it takes a much lighter tone than the previous books of hers that I'm familiar with. And I think that is a major testament to Leddy's creative writing skills. ~Sunny Shelly Reads Omg. I bow down to Leddy's awesomeness. ~Author BL Berry, stalker extraordinaire I loved how different this story was. This book is not your typical Leddy Harper read, but I love that she can jump outside of her box and write something witty and fun like this. ~Kristie, Redheads Reading Book Blog A sweet, fun and wonderful second chance at love story. ~All the Feels PR & Blog This is one of the best stories I've read in a long time!! So much so, that I stayed up until 4 am to finish it!! ~Giovanna Cruz, GR reviewer Holy Hot Holden Batman!!! This book has everything!! Sweet, funny, family drama, heat (oh the heat!!!!), and the twists and turns that make a good second chance romance. ~Jessica, GR reviewer A second-chance romance so hilarious, witty and engaging story with a forbidden vibe that's not so forbidden. Just the mere thought of it had me smiling like for real. A must read! ~Chatterbooks Book Blog Surprises at every corner with this romantic comedy. I Do(n't) by Leddy Harper was fun, full of laughs and had just enough angst to make you turn the page to find out what happens to Janelle and Holden. ~Books and Boys Book Blog

I thought we'd be getting a much lighter, sexier, fun read but that's not what this was. Janelle and Holden get married when she's 18 and he's 22. They have a quickie marriage in Vegas and Janelle is so drunk she doesn't remember the night at all. She goes off to College and he starts his career. It's now 5 years later and Janelle is looking to marry on a reality game show...for money. But, she finds out she can't since she's already married. Janelle was young and immature and it constantly showed. She just seemed shallow and overly consume by money. You read that Janelle has hardly been home since she left for College. She's been estranged from her family and it's never really revealed why. I just thought it was a weird plot point since her family is big and close knit. These two fought and purposefully tried to hurt one another through most of the book. There just seemed to be a lot of running and never any talking to each other. There was also a lot of judgement by the main characters and side characters. I just felt frustrated a lot. I think I just simply got something completely different than what I was expecting. 0 of 0 people found the following review helpful. Highly enjoyable! By Aim L I really, really enjoyed this book! It had everything. It was serious. It had all the feels and drama. It was funny at times. It had family bonding. It had love and sadness. It was sexy. This author can do no wrong. There were times I truly didn't know which way it was going to go. I highly recommend reading Holden and Janelle's story! You won't regret it!! 0 of 0 people found the following review helpful. Started off good, then we get to know Janelle By Hazza 30% in and can't read anymore..... Started off good, then we get to know Janelle. I found her to be whiny and really annoying.
