Anya Gage has learned that to get anything good in life, you have to work for it. She has no expectations, no dreams. Then she finds herself at a party where she doesn't want to be and she meets Knight. Knight Sebring knows who he is, what he wants and what he likes. And he gets it. But he never expected something as sweet as Anya Gage to wander into his bedroom during a party he did not expect to be having to borrow his phone. Knight tries to leave Anya to the life she deserves of white picket fences and a man who watches football on Sundays – good, normal and clean. But when Anya comes to his nightclub and finds herself in a situation, he knows someone has to look after her, he can't fight it anymore and he decides that man will be him. Knight teaches Anya that, just as with the bad, in life you should also expect the good. And he teaches her this by giving it to her. But Knight has a dark past and just as he desires Anya for exactly who she is, he fears when she finds out exactly the man he has become and always intends to be, she'll leave him for good, normal and clean.

About the Author Kristen Ashley grew up in Indiana, but has lived in Colorado and the West Country of England. Thus she has been blessed to have friends and family around the globe. Her posse is loopy (to say the least), but loopy is good when you want to write. Kristen was raised in a house with a large and multi-generational family. They lived on a very small farm in a small town in the heartland and existed amongst the strains of Glenn Miller, The Everly Brothers, REO Speedwagon

and Whitesnake (and the wardrobes that matched). Needless to say, growing up in a house full of music, clothes and love was a good way to grow up. And as she keeps growing up, it keeps getting better.

She was soft and sweet with backbone. A real woman who stood by her man. He was controlling in a way most alphas I've read are not . I love that the focus was on the couple and not surrounding characters or events like so many books today. I didn't have to read about all the details of his workday or hers. The MC's were well developed as well as the supporting friends. I love the way he spoke at times in short phrases , you really had to pay attention in some parts or you wouldn't get what he meant . There were some editing issues , but not enough for me to take away stars. I'm an avid KU reader so I don't purchase many books . This one was well worth the money . I'm scared to purchase other books though because from the reviews the men are not as controlling as Knight . Someone let me know if this author has more heroes as controlling as Knight or more. I'll keep this author on list. 0 of 0 people found the following review helpful. Knight is a diamond in the rough. By Kindle Customer I loved this book, it is rough, has some big surprises in it as when Anya finds out what is included in Knights dynasty. Knight himself is such a draw. A diamond in the rough, he is everything rolled into one. Not your usual romance, yet not erotica. Gorgeous story telling here. I had just finished reading the Magdalene series. I love her fantasyland series also. I was really undecided for the longest time whether to start this series but I am not sorry I did; I just bought ebooks 2-4 and I hope they are every bit as good as Knight. Knight did it for me, so rough, so no nonsense in control but he loved and loved deeply. Anya recognized that about him, even though I don't think she realized it at first but she got it very quickly. You will not go wrong if you like the strong alpha male. Highly recommended. If I could give it 10 stars I would. Loved it!!!! 0 of 0 people found the following review helpful. Intense and hot! Great read!!! By Gretchen - About That Story Oh wow! I was prepared for an intense alpha-male but Knight Sebring is IN-TENSE! Great read! As soon as Knight and Anya met I had a million questions and was fascinated by Knight. Intense doesn't cover it. Dominating. Controlling. Aggressive. Demanding, intriguing, sexy, and secretive. He had all those bases covered. Anya is sweet and has fought hard for everything she has and tries to stand up to him but since Knight is who he is, that's rather hard to do. It creates bits of drama, nothing over the top, some angst, and a lot of hotness! I really liked their story and learning their histories. Knight can be so gruff and overbearing but mixed in with all that attitude and dominating ways are these sweet moments that make you melt. I loved those moments so you could really see that underneath, he was a good guy (in his own way). Great writing with an interesting cast of characters. I did think there were a few parts in the front half that were a bit drawn out. Excellent pace in the second half. There was excellent hotness. Knights not shy with the dirty talk and wordage. There is a nice nontraditional D/s element happening, it was intense and erotic. I can't not mention the name exchange that happens between these two, I was warned about it so I was prepared, it was a bit... odd... but hey. It worked for them. I kind of just had to accept it and go with it. Really great read. I didn't know what to expect besides an intense alpha male (which I totally got) but it also had a great emotional element with their soft words and whispers. Kristen Ashley always does a really great job of pulling me in. Be prepared for intense and hot! See all 859 customer reviews...
