DON'T LET THIS ONE PASS YOU BY By Lori Shankle What a fantastic story. I loved that the two main characters were so well played off from each other. I cried, got angry and even laughed. The banter between those two were hilarious. And the whole storyline seemed flawless as it floated between the two of them. I would definitely recommend this book. I voluntarily reviewed an advanced reader copy of this book. This is my honest opinion. 0 of 0 people found the following review helpful. Different size fonts By Amazon Customer And the excessive spacing between sentences made this book hard to read. I tried changing the font and no luck in changing the format. 2 of 2 people found the following review helpful.
