Review “In this relaxed contemporary, Brogan (Love Me Sweet) creates a charming small town where even the scandals and secrets are relatively wholesome. Events sweep readers along, making them long for the idealized community Brogan portrays.” —Publishers Weekly“Recommend this romantic story to fans of women’s fiction.” —Booklist““This story is filled with lively characters who jump off the page. The author knows how to capture her readers’ attention. The scene where the hero tells the heroine that she’s ‘the kind of woman a man wants to make promises to’ was romantic and sweet.” —RT Book Reviews, 4 Stars

By DLRees If you want a story that includes laughter, maybe some tears and love, this book is a must read! Ms. Brogan always introduces us to characters that are so believable and so much like ourselves or someone we know. I highly suggest to grab this book and head out into the sunshine, put your toes in the water of Trillium Bay. Just a warning... if you snort laugh do not read in public. I dearly love this author, she has a way of writing a story that is an absolute pleasure to read. I always anxiously await her books and am disappointed when they are finished so I usually reread and order the audible versions. She also needs to write faster. 0 of 0 people found the following review helpful. Pure Entertainment By Beverly MY KIND OF YOU is a wonderfully entertaining read anywhere kind of book! By GB This is my first Tracy Brogan book, but won't be my last. I loved the characters and the quaint islands setting. May times I couldn't stop laughing at the situations or clever dialog. I was in tears when Emily had the on conversation with her dad. Very enjoyable read. See all 270 customer reviews...
