

Book Keeper By Amy Daws

Get Access Now!

They were best friends until they became roommates. Booker Harris has spent the last several years pushing himself to become the best goalkeeper in the Championship League. Tired of living in the shadows of his headline-splashing brothers, he has finally carved a path of his own. As a child, Poppy McAdams was content in her own little make-believe world, until the boy next door with dimples and pained eyes came barreling into her makeshift fort demanding all her attention. Best friends for most of their lives, everything changes when Poppy abruptly leaves London for University. Now she is back, and gone is the awkward girl from Booker's youth. She has been replaced by a stunning woman with secrets. Secrets that Booker is desperate to know. Sharing a bedroom wall with your best friend from childhood quickly turns to anything but sweet and innocent.

Review "Booker and Poppy are an adorable sweet kind of read! It's definitely a book to Keep!" - Author Tijan "Keeper is the absolute perfect romance. Addictive and swoon-worthy. I was pulled in from the beginning and couldn't put this books down!" -Author Jessica Prince "Keeper, a sports romance is one to get your heart beating a 1000x a min!" -Books and Boys Book Blog "Keeper has, by far, ruined me for any other friends-to-lovers novels, because of the way I fell for the beautiful and deep storyline and characters Amy created." -All4Books Review "Amy Daws weaves romance, sports, and amazing family dynamics to create stories that are both funny and romantic. Angst. Humor. Romance. Desire. It's all part of her magic." -Goodreads Reviewer "I am addicted to these Harris brothers." -JoandIsaLoveBooksBlog "The book was packed with moments that will melt your heart, hotness that will have you fanning yourself and all the drama of a not so easy friends to lovers story." -Bookaholics Reading Haven "Booker Harris has officially become the KEEPER of my heart!" - Jane Ashley Converse "Amy Daws once again managed to capture me in this story.. that, while

seemingly a straight-forward best friends to lovers romance at first glance, is sure to surprise you with so much more. " -Goodreads Reviewer

Amy Daws does it AGAIN! By Jules You know I was sorta steadfast on Tanner being my favorite Amy Daws hero.. yes, there was soulful, hurt, beautiful Hayden... and leave-me-swooning-and-drooling, brooding glassed Theo.. but Tanner was that juust right mix between deep, vulnerable.. and alpha sexiness.. In comes Booker. Booker is the unassuming kind.. quiet, reserved.. not all that take-charge attitude. Unless he is on the pitch.. OR. With Poppy McAdams. His best friend. Who he couldn't possibly fancy..... Or does he? ;) Amy Daws once again managed to capture me in this story.. that, while seemingly a straight-forward best friends to lovers romance at first glance, is sure to surprise you with so much more. To go on the journey with Booker and Poppy, and their way to finally opening up and realizing their feelings, along all the little blips and things, was truly enjoyable... got me hot under the collar, and was absolutely delightful. May I have felt thoroughly hot from a sexy scene, and had my heart broken minutes later, followed by heart eyes at some sweetness? Why yes, yes, I may. In the best possible way. I can't wait for everyone to meet silent, held back Booker and for the first time see how much he CAN take charge.. and I look forward to them falling in love with the sexy, brash, bubbly, badass Poppy. On to Gareth we go! 0 of 0 people found the following review helpful. Friends to Lovers and Harris Brothers is a Recipe for Undress, I mean Success!!! By AudibleAddiction Keeper is book 3 in the Harris Brothers series but it can absolutely be read as a standalone, though I would highly recommend reading the other books. If you start with Keeper, I bet you'll want to go back to start at the beginning because you'll want to know more about the other Brothers in the Harris family. Anyway, back to Keeper. Keeper is about Booker, the youngest Harris Brother, is moving in to a new flat and convinces his childhood best friend, Poppy, to stay with him while she waits for her lease to open up. Poppy moved abroad (to Germany) abruptly after high school leaving Booker completely bugged as to why she moved. There are likely to be adjustments to living with your childhood best friend especially after not seeing each other for 6 years. This was absolutely one of my favorite Amy Daws's books. Not only is Booker a dreamy Harris Brother, which you know makes for a great story, but I loved how involved Booker's family was in this story. We get to see a lot of the siblings through flashbacks, Sunday dinners, moral support and harassing each other as only they do best. Poppy is such a fun character and I loved getting to know her. Amy's perfect mix of hotness, humor and angst makes for an addictive read. I am already looking forward to listening to this story in audio because I think it'll be even better. 0 of 0 people found the following review helpful. Sweet sweet baby Booker! By Marsha Jo Booker and his lifetime best friend Poppy reunite after 6 years apart. Can their friendship pick up where they left it all those years ago. Booker thinks so, but Poppy isn't so sure, she wants it to be more. Yes, this is a sporty romance, but you don't have to be a fan to enjoy this book, the sport aspect is very minimal. The heart, on the other hand, is bursting from the seams. This isn't an alpha bad boy player book. Nor is it about a lost broken damaged girl looking to be saved. This is just about accepting and admitting you can love. A friends to lovers romance. There are some humorous moments, but really the emotion that is in this book is what makes it great. :) This book definitely has the 'sweet' factor. =) The characters are lovable and real. The writing is great. It reads easily and quickly and flows smoothly. The sex scenes are limited and not at all smutty. It book goes hand in hand with 'Endurance' and 'Challenge.' Each book follows a different Harris brother. But each can be easily read as a stand alone. Though if you plan on reading them all, I'd read them in that order... just to not ruin any surprises! ;) See all 159 customer reviews...
