COLLARED AND CAGED, HIS HUMAN SLAVE AWAITS HER TRAINING Zander, the alien warrior prince intent on recovering his planet, needs a mate. While he would never choose a human of his own accord, his physician's gene-matching program selected Lamira's DNA as the best possible match with his own. Now he must teach the beautiful slave to yield to his will, accept his discipline and learn to serve him as her one true master. Lamira has hidden her claircognizance from the Ocretions, as aberrant traits in human slaves are punished by death. When she's bought by a Zandian prince for breeding and kept by his side at all times, she finds it increasingly harder to hide. His humiliating punishments and dominance awake a powerful lust in her, which he tracks with a monitoring device on her arousal rate. But when she begins to care for the huge, demanding alien, she must choose between preserving her own life and revealing her secret to save his. Devour the first steamy stand-alone romance in USA Today Bestselling Author Renee Rose's Zandian Masters series. Publisher's Notes: This book was originally included in the box set Human Surrender. It is a dark romance with elements of graphic sex, spanking and BDSM. If such subject offends you, please do not buy this book!

Review "One of Ms. Rose's darker fantasies. It includes medical play, public humiliation & intense punishment scenes. The scientific monitoring is incredible and [it's] filled with passion and details and enough steaminess to fill a library." ~Wee Little Books "Sexy, dark, and thrilling, this story shows the power of human love. A woman starts out captive to a fierce alien, but she's the one who captures his heart in the end. If you like shivery, dark romances with an HEA, this will keep your heart racing until the very last word." ~Alexis Alvarez, Author of Capturing Kate "I will warn...you may find yourself filling your library with more and more of their stories as you surrender to [the author's] sensual storytelling." ~The Romance Reviews [TOP PICK] From the Author Thank you for reading His Human Slave, the first stand-alone book in my interconnected alien warrior romance series, Zandian Masters. In His Human Slave, author Renee Rose takes the reader on a wild ride into a future world where the human race is enslaved and stronger races of sentient beings rule. Enter Zander, the ruler of the Zandians, who alone among the aging remnant of his race can breed a new generation of Zandians. Upon the guidance of his Medical Advisor, Zander reluctantly purchases the identified human slave to be his breeder. However, when the purchased female is brought on the Zandian pod, things get really exciting. The chosen human is a virgin, not altogether thrilled with the situation she is in, and she has a HUGE secret that if exposed could mean her death! I identified and felt as much sympathy for Zander as I did for Lamira his chosen slave. His Human Slave was a great story, with well-developed plot lines and characterization. By Zpette I have to admit that I thoroughly enjoyed this book. Loved both main characters and their interaction. The plot was good and although I would have liked more dialogue, the great sex made up for it. Thank goodness three I did not find spelling and grammatical errors. Overall, very well done. 0 of 0 people found the following review helpful. Fascinating world By PansyPetal The "first in a series" book can be a bit of a challenge for both the writer and the reader. Renee Rose did an admirable job with the world building and introduction of characters in His Human Slave. I think I fell a little in love with the Zander. *sigh* So hot! And Dominate! Wow. But Lamira, Prince Zander's "Human slave," feisty and brave, is wonderful too. I am

finding this world fascinating. Can't wait to read more. See all 189 customer reviews...
