Grim & Lisa... What a beautiful pair... By Kindle Customer - GMC I am in love with this story...It was

absolutely amazing. It has aliens, space travel, heartaches, sadness, humor, hot sex, an almost kidnapping and so much more - if you are looking for a book to really take you away then look no further as you have the perfect book. I will be honest and say that I purchased this book because of the cover and the blurb - but once I started reading I could not put it down, I did not want it to end. Granted there is an issue with editing that really should be addressed but all in all it did not stop me from reading although it may stop others. Looking forward to reading the next book in the series as there are so many other characters in this book that need their story told as well. Thank you M K EIDEM for sharing your book with me. 114 of 118 people found the following review helpful. Wanted, editor... By L. McCain This was a good book with a good story line. What keeps it from greatness is the editing (or lack thereof). Usually this is a dealbreaker for me. This book is so good that while irritating, the flaws could not keep me from wanting to read the rest of the story. There are misspelled words (or incorrect word choices), words left out, the present tense/past tense of the sentences was bizarre. With all that said, I still loved the characters and the story, and I want to know what happens next! 0 of 0 people found the following review helpful. Very well written! By Vallrie Sweeney Enjoyable individuals who people a realistic world. Every woman loves to read about a confident male yet flawed male like Grim. He is a warrior who is awesome at his job. This male has a deep gravelly voice that begs to be listened too. He does not hesitate to grab what he wants the instant he sees it. Lisa is a strong willed woman that stands for what she believes in. Her children comes first. When Grim says he will get her children in exchange for a life long union with her alone she jumps at the chance. See all 950 customer reviews...
