By triple0triple1 I have just bought this brand new 3rd edition and compared it with my 1st edition. They are almost exactly the same, even down to the page numbers. This is an old scam by textbook publishers, but usually they will at least change around the table of contents and put in new diagrams, photos and tables. Not so with this title. And if the 1st and 3rd editions are almost exact copies, then I'm sure the 2nd edition would be fine too. Also, do not think that you need to buy the "Custom Edition" for your school, it's just the campus bookstore's and

publisher's way of keeping you off Amazon and charging you double for an already overpriced book. 0 of 0 people found the following review helpful. Five Stars By larry pettaway Text arrived in excellent condition and as promised. Book purchased for our grandson... 0 of 0 people found the following review helpful. Great Arrival By Anancite Textbook came slightly damaged and some pages were bent and ripped (it seemed like a manufacturing error due to the fact that the pages were larger than the rest) but I received them quickly and at an amazing price. Renting this textbook is worth it. See all 550 customer reviews...
