

Book Quickie By Penny Wylder

It was supposed to be a quickie. Now there's a ring on my finger. What do you get if you mix a night in Vegas with a dash of some self-hate because your fiance ran off with your sister? An excuse to make some bad decisions. When my friends pulled me into the lap of a random guy at the club, I rolled with it. I played along because it felt good to let loose. I was single... I was angry... didn't I deserve a hot quickie? Then I woke up in the same bed as a sexy stranger—with a ring on my finger. He tells me that we're married. That I'm his wife, and he has no intention of letting me walk away from him. My mystery man with smoky eyes and a sharp smirk is used to getting his way. This was supposed to be some quick fun. Could one tiny mistake last a life time? This is a standalone novella with a HEA and NO cheating! Penny Wylder writes just that-- wild romances. Happily Ever Afters are always better when they're a little dirty, so if you're looking for a page turner that will make you feel naughty in all the right places, jump right in and leave your panties at the door!

I like the author's ability to convey some depth to the character's personalities bringing a greater sense of reality to her story. It is what I think of as a warm fuzzy and I would love the novel expanded because it's nice to live in their world. 0 of 0 people found the following review helpful. Cute short story By Christine M. to read from start to finish, so I do mean quick, but it was adorable all the same! I enjoyed it & you probably will too. It's a great way to get lost on a lunch break. See all 163 customer reviews...
